

# SUITCASE® RAMP Advantage Series

This ultra-strong, single-fold ramp provides the safety and strength required while remaining light and portable. The ramp can be separated, making it even easier to use, carry, and store. By simply removing two hinge pins, it quickly separates into two lightweight sections, each with their own handle.

Features an applied skid-resistant tape with reflective safety stripes, and a self-adjusting bottom transition plate for easy conversion from ramp to ground. Manufactured of welded aircraft-grade aluminum.

Additional sizes available.

Floating bottom transition plate

Built-in handles

## OPTIONAL TOP LIP EXTENSION (TLE)

Extend the usefulness of your Advantage Series TRIFOLD® ramp with the Top Lip Extension (TLE). This optional plate increases the standard 3" lip to become 9", allowing

the ramp to clear the rear bumper of SUVs and vans by simply attaching to the top lip. Shipped as a pair.
